## **2008 - 2009 SCHOOL IMPROVEMENT PLAN**

### **Executive Summary**

#### **MEYZEEK MIDDLE SCHOOL**

##### **Mission**

The mission of Meyzeek Middle School is to provide a rigorous education in a developmentally-appropriate setting. The mission is reviewed annually in late fall as we (SBDM, faculty, and PTSA) look to the following year's needs and programmatic developments in light of district agendas, resource allocations, and current research on successful middle grades education.

##### **Needs Assessment**

Analysis of student data, including, but not limited to the KPR, NCLB, CCA, PAS, discipline and attendance records, was done with teachers, parents, and community (including the SBDM and PTSA). The data was aligned with and prioritized by the state SISI document.

##### **Goals**

The requirements of SB168 set forth the priority goals. Analysis of student data led the development of strategies to meet those goals.

##### **Evaluation**

Responsible parties identified in the CSIP, with the administration's guidance, will track implementation and impact. Monthly department meetings and Gold Days provide regular opportunities to track student performance on benchmark targets.

##### **Stakeholders**

Meyzeek operates with many opportunities for stakeholder involvement. The CSIP is a reflection of leadership team meetings, PTSA meetings, SBDM meetings, department meetings, team meetings, community meetings, and informal mechanisms (such as face-to-face, phone, and email conversations). The involvement occurs regularly throughout the school year.

**Component: Math****Component Manager:** Department Chair**Date:** 12/02/2008**Name:** MEYZEEK MIDDLE SCHOOL**Priority Need:**

In May 2007, our school's Math Index was 88.6 as measured on the Kentucky Core Content Test. In May 2007, the percentage of students scoring proficient or distinguished in Math was 60.8 as measured on the Kentucky Core Content Test. In May 2007, the percentage of students scoring Novice in Math was 18.9 as measured on the Kentucky Core Content Test.

**Goal:**

By May 2009 our school's Math Index will increase by 5.7 for a total Math Index of 94.3 as measured on the Kentucky Core Content Test. By May 2009, the percentage of students scoring proficient or distinguished will increase by 19.6 for a total percentage of all students scoring proficient or distinguished in Math of 80.4 as measured on the Kentucky Core Content Test. By May 2009, the percentage of students scoring Novice will decrease by -6.95 for a total percentage of all students scoring novice in Math of 11.95 as measured on the Kentucky Core Content Test.
